EDUCATION

University of Massachusetts Amherst

Expected May 2028

B.S. in Computer Science | Minor in Natural Resources Conservation | Honors College

Amherst, MA

Relevant Coursework

GPA: 3.8

Object-Oriented Programming, Data Structures, Computer Systems Principles, Introduction to Computation

TECHNICAL SKILLS

Languages: Java, Python, C, JavaScript, TypeScript, HTML, CSS, LaTeX

Libraries & Frameworks: NumPy, Pandas, Matplotlib, React, Ray

Developer Tools: Jupyter Notebook, Git, VS Code, Node.js, Eclipse, Terminal, Ollama

Systems & Platforms: Microsoft 365, Microsoft Intune, Microsoft Defender, Active Directory, Microsoft Entra ID, Google Workspace, Zoom Phone, PaperCut

EXPERIENCE

IT Support Specialist

Summer 2026

Insource Services, Inc.

Boston, MA

- Deployed and enrolled 600+ student Chromebooks and Lenovo ThinkPads, supporting endpoint provisioning and device readiness.
- Provisioned and managed user accounts across Active Directory, Microsoft Entra ID, and Google Workspace, including directory synchronization and end-to-end onboarding workflows.
- Configured and supported PaperCut print management and printer infrastructure, troubleshooting connectivity and configuration issues during print fleet deployments.
- Migrated 50+ phone users from TPx to Zoom Phone provisioning systems, assigning telephone numbers and configuring user settings through the Zoom administration portal.
- Diagnosed and resolved hardware, software, identity, and network connectivity issues across multiple client environments using Microsoft 365, Intune, Defender, and Google Workspace.

Student Ambassador

May 2025 – Present

University of Massachusetts Amherst – Commonwealth Honors College

Amherst, MA

- Lead information sessions for prospective students and families, explaining academic programs and the Honors College experience.
- Present to 200+ students and families during university visit days, communicating program information and answering questions.
- Provide administrative and front-desk support in faculty and dean's offices, assisting with daily office operations.

PROJECTS

AI Model Performance Benchmarking | *Python, Ollama, Ray*

March 2026

- Benchmarked inference performance across Mistral, Llama 3, Phi-3, Qwen3:4B, Qwen3:8B, and DeepSeek-R1:8B using Ollama.
- Measured model latency, CPU utilization, and memory consumption across prompt categories, including summarization, coding, question answering, and translation.
- Implemented Ray-based workload simulations to investigate AI task execution across multiple CPU resources, modeling aspects of distributed computing environments.

Personal Website | *HTML, CSS, JavaScript*

December 2025 – Present

- Developed and deployed a personal portfolio website using HTML, CSS, and JavaScript.
- Configured and explored web infrastructure concepts, including DNS, HTTPS, and website deployment.

EXTRACURRICULAR

Women in Informatics and Computer Science | *Vice President*

August 2025 – Present

- Promote an inclusive community for women and gender minorities in computing through community-building and professional development initiatives.
- Lead the executive board in planning and coordinating professional development and social events.

CMD-IT/ACM Richard Tapia Celebration of Diversity in Computing Conference

September 2026
